

Tibet Fest

On April 14, 2010, a devastating 6.9 magnitude earthquake hit the Tibetan area of Jyekundo in Kham, also known as Yushu in Qinghai Province.

In response to the earthquake and the tremendous suffering it has caused, Tsengdok Monastery Association is planning to provide long-term support to contribute to the rebuilding of Yushu.

Co-hosting with the Tibetan Cultural Society of BC, Tsengdok Monastery Association will host **Tibet Fest** in Vancouver, BC, Canada to raise funds for the Rebuild Yushu project on July 11, 2010.

This is a one-day Tibetan cultural and arts event. It will demonstrate Tibetan Thangka painting, sacred sand mandala art, and beautiful butter sculpture. You will also enjoy Tibetan food, arts, music, dance and movies. Come with your family and your friends to join us for a day of fun events.
